## PROFILE

Passionate Data Analyst with a strong focus on turning complex data into actionable insights and driving data-driven decision-making. Ready to bring analytical expertise and innovative problem-solving skills to a dynamic team at your company, helping to solve challenges in data optimization and elevate the overall analytics landscape.

## WORK EXPERIENCE

### DATA ANALYTICS INTERNSHIP

Systems Limited.

 July 2024 - Sept 2024

As a Data Analyst intern, I gained valuable experience working with Power BI and SQL Server, focusing on data modeling, visualization, and analysis.

- Transformed Raw Data into actionable business insights, influencing company decisions and policies.
- Utilized Power BI to create detailed sales reports, enabling management to identify areas of improvements.

### UNITY GAME DEVELOPER

Game Boss Technologies.  Apr 2023 - Nov 2023

Experienced 7 months in Unity Game development. I gained a lot of experience especially in team work and code debugging.

- Worked on 10+ game development projects.
- Optimized Game code for better Performance.

## PROJECT

### RETAIL SALE DASHBOARD

I developed a Retail Sales Dashboard using Power BI and SQL Server, focusing on data transformation, modeling, and visualization. I created interactive charts, reports, and filters to analyze key metrics like revenue, profit, and customer trends. This project enhanced my skills in DAX, data storytelling, and interactive reporting for decision-making.
